What Is An Avatar?

Avatars are life-like animated and customizable characters used inside Red Light Center. You can control your avatar's movements and appearance and use it to interact with other members in the 3D environment.

How Do I Change The Way My Avatar Looks?

VIP members can customize their avatar's appearance using the Customize menu in-world. Click the Customize button in to change your avatar's gender, size, skin color, features, clothing and much more! The button can be found in the upper-right corner of the program and looks like a shirt.

VIP members can also browse and purchase clothing from the hundreds of thousands of member-created outfits in the [Utherverses Clothing System](#).

How Can I Have Sex In Red Light Center?

It's easy! First you will need to find a willing partner and head to one of the many areas in RLC where sex is allowed. To get things started:

1. Make sure you and your partner are naked. To get naked, click the items of clothing your avatar is wearing in the upper right corner of the screen.
2. Right click your partner's avatar and select an 'invite for sex' option
3. Once your partner accepts your invitation, click an available sex object in the room (this step is not necessary for standing sex)
4. Have fun with the many sex positions that will now be available in the list on the right hand side of the screen

If you'd like a more intense or intimate experience try enhancing your session with private text chat, voice chat or cam shows*.

About RLC WGs

What Are RLC Working Girls/Guys?

Red Light Center working people are RLC members who offer virtual sex sessions to other members. WGs can offer basic sessions using the sex animations and text chat, or they can offer enhanced sessions with voice, webcam, and/or fetish services. Red Light Center welcomes WGs of all genders and sexual orientations.

All WGs must adhere to the [WG Rules of Conduct](#). Failure to do so may result in a warning, removal of WG privileges without refund, or a profile ban at WG Staff and Uthervse® World Ops discretion.

What Does RLC Do For WGs?

Badges

RLC offers all WGs a badge to use in the 3D environment to let other members know they are available for virtual sex sessions. Verified WGs get a special badge to indicate they are verified. [Click here](#) to view the different member and staff badges.

Advertising

Your WG Directory listing is a great place to advertise your rates and services, upload photos, tell members a bit about your sexy self and get reviews!

Premium and Verified WGs can also upload a billboard ad, which is linked to their Directory Listing and displayed in rotation with other WGs' ads in several locations in the 3D world. If you are a Premium or Verified WG and would like to set up an ad, please [open a ticket](#) with the WG support team!

In-World advertising is also available to purchase in several locations in Red Light Center.

- You can advertise a WG-specific event in the BareBack Bordello for free if there are fewer than 5 ads in the spot! If there are already 5 ads in the spot, you must wait until one expires before adding yours. To advertise your event in the Bordello WG Events spot, [open a ticket](#) with the WG support team!

Rays are the official RLC currency. 100 Rays is roughly equivalent to USD\$7 (based on the average market price for March, 2014). You can see how many Rays you have by viewing your Bank Account on your main Social Center page.

But I Want To Earn Real Money!

Don't worry, you have the ability to trade your earned Rays in for REAL cash in the Marketplace. [The Marketplace](#) is an exchange where users can buy and sell Rays using real currency.

3. Find the "Bid Placement" section on the left hand side of the page
4. Under the "Sell" heading, enter the number of Rays you would like to sell
5. Choose what price to sell your Rays at
6. Click SELL

8. Click "Proceed > >"

How Much Should I Charge?

RLC WGs get complete control over their rates and services. You can charge whatever you feel is right for your sessions!

If you are just starting out, take a look through the [WG Directory](#) to see what other WGs are charging for similar services. You can try offering a beginner's rate that's a little lower to build up your clientele and good reviews! Once you have a good client base, try setting your rates a little higher to bring in more Rays.

How Can I Make More Money?

Special Sessions

WGs who offer special services in their sessions open themselves up to a wider variety of clients:

- Voice and cam sessions offer clients additional intimacy and realism
- Fetish sessions, such as domination and role play are great for kinky clients
- Duos with other WGs can be exciting, just make sure you work out with the other WG beforehand what you are both comfortable doing with each other and how payment will be shared

Build Your Clientele

The more loyal and talkative your clientele, the more Rays you make!

- If you can, try keeping and advertising a regular schedule. This makes it easier for clients who like you to see you over and over
- Encourage clients to leave reviews on your WG Directory profile. Make sure ONLY those who have enjoyed a session with you leave reviews as false reviews are easily spotted, harm your reputation and will be removed
- Try offering a special rate for first-time clients on their first session with you. You never know who's been dying to try you out but just needed a little extra push!

Advertising

There are plenty of opportunities to get the word out about your services in RLC

- Participating in private WG parties is a great way to make yourself known.
- Advertising spots are available in the Bordello and various places around RLC. [Open a WG support ticket](#) to learn more. Don't forget to submit your WG Billboard Ad!
- If you want to bring in clients from outside RLC, you can always try advertising to people on other websites. Make sure you're complying with their rules

Other Ways To Earn Rays

You can learn more about Rays and how to earn them in the [All About Rays](#) help article!

WGs are strongly encouraged to [join the Affiliate Program](#) as well, so they can earn extra Rays for referring new members from their Social Media and Websites!

Member Types

You can tell what type of account a member has by their name color and badge. Each account type has different perks and abilities, so be sure you're familiar with them before you start offering your services. Staff and volunteers are not permitted to accept your services, so please do not solicit them. For a more comprehensive explanation and list of the badges and name colours, visit the [Badges help article](#).

Tips And Safety

Never give out personal information such as your real name, where you live, schools you've attended, your facebook link, etc. The more someone knows about you, the easier it is for them to steal your identity or stalk you. If you plan on using third party software such as Skype to provide voice or cam sessions, consider setting up an account that is not linked to your real name.

Don't be afraid to say NO if you are uncomfortable with a client or request. Try to be gracious if you must reject someone, to prevent bad reviews and complaints. Always refund someone if they've paid you but you've decided not to provide a session.

Always put on a good attitude! If you are irritable, snobby or rude, your clients will never repeat with you and will ensure that potential clients don't waste their Rays.

If all this seems strange to you and you are not sure you have the personality to carry out a steamy virtual sex session with a complete stranger over the net, then consider creating an 'alter ego' and become someone completely different. Be creative and invent an alter ego that will make you feel comfortable and confident.

- The Innocent Sponge—Inexperienced and willing to be taught
- The Sexual Daredevil—Willing to try anything twice, no fetish is off limits
- The Nympho Slut—Porn-star attitude, promiscuous and proud of it. Needing sex 24/7
- The Dominatrix—You enjoy giving verbal bashings, you are superior and rule at the art of humiliation

Terms and Rules

WG Rules Of Conduct

If you do not abide by the WG Rules of Conduct, your Working Girl/Guy Badge may be removed by Utherverses® World Operations, and further appropriate action against your associated accounts will be considered without refund.

These rules apply to all WGs:

- You must be a VIP member to be a Working Girl or Guy.
- You must have an active directory listing to wear a WG badge.
- You must wear your WG badge or Adult Star badge at all times when you are working. Do not solicit without your badge.

- You are only allowed to solicit in Private Message. Do not solicit your WG services in General Chat.
- Be considerate of your fellow WGs; attempts to discredit a WG's profile or name will not be tolerated.
- Be aware of and abide by the Red Light Center [Rules of Conduct](#) and [Terms of Service](#) at all times.
 - While not explicitly mentioned in the ToS & RoC, ageplay under the age of 18 is prohibited. Do not roleplay underage personas as a WG.
- Respect each other, Utherverses Staff and Volunteers.
- Deception of clients will not be tolerated.
- If services are not provided in full, you must refund the client. No exceptions.
- Absolutely no hardcore content (visible genital nudity and/or penetration) is allowed in photos.

Verified WGs are held to a stricter standard, as they are endorsed and verified by Red Light Center staff.
